revision 2

	Page
EXECUTIVE SUMMARY.....	1
Preface	vii
1.0 Administrative.....	1
1.1 Sponsor	1
1.2 Type of Bank	1
1.3 Nature of Real Estate Interests.....	1
2.0 Technical	
2.1 Location and Size of Bank.....	2
2.2 Baseline Conditions	2
2.2.1 Introduction.....	2
2.2.2.1 Purpose.....	2
2.2.2.2 Historical Background.....	5
2.2.2 Methods	8
2.2.2.1 Background Research.....	8
2.2.2.2 Site Survey.....	8
2.2.3 Investigation Findings.....	8
2.2.3.1 Vegetation.....	8
2.2.3.2 Soils	10
2.2.3.3 Hydrology.....	10
2.2.4 Wetland Determination.....	11
2.2.4.1 Wetland Impacts.....	14
2.3 Proposed Types and Conditions of Debiting Wetlands	14
2.4 Proposed Functional Assessment of Existing Wetlands	15
2.4.1 Wetland Assessment Using the Montana Assessment Method.....	15
2.4.2 Wetland Assessment Using Best Professional Judgment.....	15
2.4.3 Physical Improvements to Produce Credits.....	17
2.4.3.1 Proposed Activities	17
2.4.3.2 Rationale for Proposed Activities.....	18
2.4.3.3 Proposed Excavation and Grading Plan.....	18
2.4.3.4 Proposed Planting Zones.....	19
2.4.3.5 Proposed Habitat Types in the Restoration Area.....	20
2.4.3.6 Proposed Wetland Functions Improvements	21
2.5 Performance Criteria for Restored Wetlands in Wetland Mitigation Bank	24
2.5.1 Native Plant Species	24
2.5.2 Plant Diversity and Structure	24
2.5.3 Hydrology	24
2.6 Proposed Crediting and Debiting Methodology.....	25
2.6.1 Proposed Crediting Methods.....	25
2.6.1.1 Mitigation Bank Credit Sales.....	26
3.0 Operation	
3.1 Proposed Bank Service Area	26
3.2 Proposed Monitoring and Contingency Plans	26
3.2.1 Contents of Monitoring Reports	27
3.3 Proposed Long-Term Management Plan	28
4.0 References.....	29

Appendices

- A. Credentials of Wetland Biologist
- B. Background Documentation
 - USGS Topographic Quadrangle
 - Bonner County Soils Survey
 - National Wetlands Inventory Map
- C. Plant Species Observed
- D. Photographs
- E. Montana Wetland Assessment Method Forms

Tables

Table 1. Overall Habitat Loss/Gain (Acreage Change) After Albeni Falls Dam Construction	5
Table 2. Wetland Indicator Status Abbreviations.....	8
Table 3. Description of Remaining Wetland Areas at the Phase I Valencia Site.....	12
Table 4. Existing Habitat in the Phase I Area.....	17
Table 5. Excavation Zones and Probable Hydrology.....	19
Table 6. Existing Conditions - Elevations, Hydrology, and Observed Species	19
Table 7. Areal Extents of Proposed Systems	21
Table 8. Increase in Wetland Areal Extent (acres).....	22
Table 9. Comparison of Anticipated Functional Improvements in Restored Wetlands with Existing Conditions.....	22
